## ARIZONA KICKER

TERMS OF SUBSCRIPTION:  
 1 year.....\$1.00  
 6 months......50

It cannot be said that hot weather cuts no ice with suffering humanity.

The Lyre, which has not come to hand for one or two issues, is again on deck. During the absence of its editor the force labored too freely and forgot such little details as issuing a great daily.

The Chinese of Chicago have started the Chinese Equal Rights League of America, and propose a national convention November 1st, for the purpose of reaching the right of suffrage and the repeal of the restriction law.

It is said that \$1,500,000 worth of spurious half dollars are in circulation. The peculiar thing about the counterfeit is that they are of pure silver and are worth just about as much as the good coin, which is something like 24 cents.

The most extraordinary sums paid for any service rendered the United States government go to the railroad and steamship lines that carry our mails. They aggregate, in round numbers, \$50,000,000 a year.

Arizona produced 125,980 ounces of gold last year, an increase of 20,968 ounces over the preceding year. Utah produced only 97,000 ounces. Arizona stands forth in the list of gold producing states. When her incomparable resources are fully developed she will easily head the list.

A rock has been found in Mexico which is said to prove by inscriptions that the Chinese were in Sonora twenty centuries ago. Much more likely they were there twenty days ago. Better be certain the rock is not on the path taken by those smuggling themselves across the border, and that the inscription does not contain directions for the next lot of highbidders due to arrive.

It is estimated that 12,000 Jewish voters will disfranchise themselves or decline to vote at the judicial election in Chicago, June 7th, as the 6th and 7th are holy days with orthodox Jews, as the Australian ballot will be used, requiring X to indicate the ticket voted, and Jews are forbidden to make the sign of the cross on that day.

A bill has been introduced in the lower house of congress for taxing certain occupations according to the amounts of capital invested. Companies engaged in petroleum business in any form are to be taxed from \$500 on \$100,000 to \$25,000 on \$5,000,000. Other branches of business to be taxed are iron and steel railways and street railways, banks, stock exchanges and and glass, wool, silk, paper leather and sugar manufacturing.

### STATE OF OHIO, CITY OF TOLEDO, Lucas County.

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, county and state aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY,  
 Sworn to before me and subscribed in my presence, this 6th day of December, 1886.

A. W. GLEASON,  
 Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the back and mucous surfaces of the system. Send for testimonials free.  
 F. J. CHENEY & CO.,  
 Toledo, O.

The following table comprises the present taxable property as reported by the Territorial Board of Equalization.

Total.....	\$28,047,176 40

## BISBEE NEWS.

BI BEE, June 9, 1887  
 CATERING.

Look out for the posters of Bisbee's 4th of July celebration. They'll be out in a few days now.

E. McVetty, brother of Mrs. J. L. Brown, who has been employed in the mine here for some months past, left this morning for his old home in Canada where he expects to remain for some time.

Mr. and Mrs. Dan Hagan were outgoing passengers on the train this morning. They go to Nogales where they will stop for some time. Mr. Hagan has lately invested in Bisbee property and may make this place his home in the near future.

B. J. O'Reilly who has been under the weather for a few days, left this morning for a short vacation before resuming work. He had hardly made up his mind where he would go at time of leaving but he will probably visit Los Angeles for a few days.

A Mexican circus was brought in by the train this evening and of course the small boys and the pisanos are in their usual state of hilarity. The outfit seems to be of a rather fair class as contrary to the usual custom their stock and effects came in on a special car instead of being driven across the country.

An accident which might have resulted very seriously occurred last evening just below town. As the extra train was rounding the curve below the hospital the stakes on a car of 10x12 timber suddenly gave way allowing some 20 or 30 pieces of the timber to fall off the car before the train was discovered. Had any of these pieces fallen so as to catch the wheels of the cars or to cross the rails there might now have been a couple of mangled trainmen and a dead barber to be looked after but fortunately no such thing occurred and the only inconvenience arising is in the shape of a little extra work for the rection crew.

BISBEE, June 11, 1887  
 CATERING.

J. H. Jones returned this evening from a vacation in California.

Mrs. Sawle also returned from California this evening where she has been for some three weeks past. She had a most enjoyable trip and her health has been much benefited thereby, but she is right glad to be back home again for all that.

Jimmy Nichols and George Porter returned to Bisbee today after an absence of several weeks. After attending the grand lodge K. of P, the boys spent some time in Phoenix where they purchased a couple of good horses which they rode home across the country. They stopped a couple of days in Tucson on the way and, taken altogether, they had a most enjoyable trip.

A number of the boys and heavy men left town yesterday for good outing, hunting and prospecting trip. Their destination is the Ajo mountains and they will probably remain out for some time. Chas. Locking, Lee Snodderly, Frank Pendleton and that incomparable "bear hunter" Geo. Joseph McCabe, compose the party.

Mr. and Mrs. Chas. L. Blackburn returned to Bisbee a few days since and they will probably remain here for some time. Charley already has his merry-go-round in operation and it is close race with the boys between the merry-go-round and the circus. Charley can figure on doing quite well here for some little time at least.

The sad news has just reached town of the death of Mr. E. P. Sampson which occurred about 5 p. m. at his home below town. Mr. Sampson had been sick for four or five days but his condition was not supposed to be very serious which makes the sad blow much harder for the afflicted family who have the sympathy of the entire community in their sorrow.

Mr. Ward L. Smith, of Fredericks-town, Mo., was troubled with chronic diarrhoea for over thirty years. He had become fully satisfied that it was only a question of short time until he would have to give up. He had been treated by some of the best physicians in Europe and America but got no permanent relief. One day he picked up a newspaper and chanced to read an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He got a bottle of it the first dose helped him and his continued use cured him. For sale by all dealers in Tombstone and Bisbee.

**Wanted—An Idea**  
 Who can think of a better thing to do than to sell the best of the world's goods? We want a man who can sell the best of the world's goods. We want a man who can sell the best of the world's goods. We want a man who can sell the best of the world's goods.

 EVERY GARMENT GUARANTEED.  
 EMPLOY OVER 350 GIRLS.

### CATTLE SHIPMENTS.

#### A Good Showing in the Line of Transportation.

Up to May 28 there has been shipped from Tucson the present year 22,649 head of cattle. Willow shipments during the same period amount to 25,288 head. Total Willow shipments up to date aggregate 39,922 head.

The Range News records the following shipments during the week:—June 1, by Carl Stanley 51 yearling bulls of B. H. Speed, Separ, N. M.; by same to himself at Fowler, Colorado, 535 head, including 530 Sierra Bonita steers and D. S. stock cattle.

June 2, by W. H. Wright to the Holt Live Stock Co., of Denver, at Los Animas, Colorado, 549 head, comprising the Fiege steers and heifers and steers contracted by Hallerman Schaefer, Walker and others.

June 3, by J. W. Macrum at Denver. The Morgan cattle from Hot Springs went to Hutchinson, Kansas.

June 6, by A. C. Geer, to himself at Great Bend, Kansas, 289 straight Hereford cows, and 112 calves from H. C. Hozer's herd. This was a particularly choice bunch. Mr. Geer declared them to be in better condition than the native cattle of western Kansas.

### MURDER AT JEROME.

#### The Fatal Pistol Does Its Work—A Woman the Cause.

Saturday morning last Francisco Pedilla was found dead in Jerome from a pistol shot wound. When the dead body was found, one hand clutched a pistol filled with loaded shells, which dissipated the theory of suicide. It was soon ascertained that, some hours before, he and a Mexican Leonardo Ruiz had quarreled about a woman and that Ruiz was seen running away from the scene of the murder. Afterward another Mexican captured Ruiz and turned him over to the authorities.

A letter addressed to Geo. W. McFarlin is on file in this office. I. George will make his whereabouts known we will gladly forward same.

As announced last week, Mr. E. L. Shaw and Miss Helen Gurnsey were married Thursday morning, June 3d, at the residence of Frank Bryant in Solomonville. The ceremony was performed by Rev. Downs, and the decorations of the occasion, the floral decorations and the wedding feast received special comment in the local press. The happy pair are now in California on their wedding tour.

Governor Franklin yesterday received a communication from the attorney-general of the United States approving the governor's action in granting a thirty days respite to Leahy, the colored murderer, who was sentenced to hang on Friday. The attorney-general said that the president also granted a thirty days respite, but that he will interfere no further in the matter. The date of hanging is now set for July 9.—Gazette.

Today was the closing day of the Tombstone public school and exercises were held this afternoon in the various departments and the numerous pupils acquitted themselves with credit to themselves and their teachers. Lack of space and time forbids extended notice. It is a noteworthy fact however that in the Tombstone scholars rising genius is noticeable, and we predict that some of the young Americans who were on the stand today will make their mark in the world and in later years Tombstone can point with pride to them as one of Tombstone's favorite sons.

### HAPPY AT LAST.

#### Echelberger is Off on a New Lead.

When C. E. Echelberger, the discoverer of the Bonanza King of Arizona, near Yuma, left here some weeks ago, says the Sun, for his old Pennsylvania home, no one dreamed that visions of matrimony flitted through his brain, yet it would seem that they nevertheless did, as the record of marriage licenses issued in Los Angeles on Tuesday, the 1st inst., included the following: "Charles Edward Echelberger, a native of Pennsylvania, and a resident of Yuma, Ariz., aged 39, and Margarita de la Osa, native of California and resident of Los Angeles, aged 19." Miss Margarita de la Osa, the young lady of Mr. Echelberger's choice, is the daughter of Jose de la Osa of this place, and is well known here, having attended the Yuma public schools year before last. She numbers her friends in her old Arizona home by the score, who join in congratulations. Mr. Echelberger's friends also extend their heartiest congratulations, and point to him as an illustration of the axiom, that "it never rains but it pours." Good fortune follows close upon the heels of good fortune, and there is no telling what will happen to Echelberger next.

### ON MERCY'S SIDE.

#### Our Mark Intercedes for Commutation of Sentence.

Attorney Elemen received the following letter from Hon. Mark A. Smith, who was the assistant prosecuting attorney at the trial of Phillip Lashley, and has consented to use his influence toward obtaining executive clemency in the case:

"MY DEAR BRENNAN:—Pursuant to your request, and in perfect accord with my own conscience, I have requested the President of the United States to commute the sentence of Phillip Lashley.

A dispatch says: "William Russell White of Arizona, who graduated seventeenth in the class of the naval academy, has been assigned duty on the Monterey to report on June 19. He will start west tomorrow via Phoenix, stopping there one day to visit friends." To which the Republican adds that "William Russell White, better known as Will White, is a son of 'Doc' White, formerly of Tempe. He is one of the earlier graduates from the territorial normal school and is remembered as a brilliant boy. He was appointed to Annapolis six years ago."

### COUNTY RECORDS.

**LOCATIONS.**  
 Mine in Dragoon Mountains by Thos. Castle and Fred Castle.  
 Location in Turquoise district by S. H. Bryant and M. O'Connor.  
 Location in Tombstone district by J. V. Vickers.

 World's Fair Highest Award.  
 "P. Price's Cream Baking Powder"  
 World's Fair Highest Medal and Diploma  
 1893 Winner, GLOBE, PHOENIX, FAIR, etc.

## THE DAY WE CELEBRATE.

### Citizens Meeting Called—The Right Move Made.

A call for a citizens meeting is published in another column, issued by the Mayor and Common Council, to meet at the City Hall in the Rescue Hose quarters to arrange for the 4th of July celebration. Interest in the celebration is manifested on all sides and a large gathering will be present. The object of the meetings is to discuss the different plans and co-operate with the fire department committees in carrying out arrangements.

Several important matters will come before the meeting for consideration and it is expected a large number of our citizens will be on hand. The raising of funds will be left to a committee. This meeting, among other things, is for the purpose of giving aid to the fire department in their laudable endeavors to fittingly celebrate the 4th. Everybody should be on hand.

The stage was late this morning owing to a delayed train on the S. P.

Tomorrow is the last day of school and closing exercises will be held in the various rooms, to which parents are invited to attend.

Another disciple of Hidalgo was brought over from Bisbee yesterday and placed behind the bars to rest up for 90 days for the penalty of committing a misdemeanor.

Dr. Woodward and Night Foreman Chas. Fountain of the Commonwealth Co. drove over from Pearce today on a flying visit returning again this afternoon.

Reports from the Black Diamond upon which the Copper Queen have a bond is that some water was encountered in a shaft. The flow however is not enough to deter vigorous work and the prospects are satisfactory.

### MILL AT PEARCE.

#### Will Be Most Complete in the Territory.

The Commonwealth mill at Pearce is rapidly nearing completion and when finished will be one of the most complete mills in the territory.

The capacity is 60 tons daily but should the owners desire to increase the output the capacity can be doubled by adding the necessary machinery. That such may be the intention of the company is given credence by the fact that the boilers and engine now erected is of sufficient horsepower to furnish motive power for double the present capacity of the mill. The rollers and rock breakers are already up and under cover and their immensity is of formidable appearance.

The ore of the Commonwealth is free milling, no lead or base being noticeable, but as some of the rock carries sulphurets it is probable a roasting apparatus will doubtless soon be provided. The mill is expected to be in readiness and running order within two months.

A dispatch received this afternoon from Solomonville states that Chicon, the murderer who was to have been hanged on the 18th inst., broke jail last night and is headed toward Cochise county. A watchout is being kept for him.

A Mexican named Silvero Peralta was brought over from Wilcox today and made a guest of Hotel De White until the grand jury meets. Silvero is accused of grand larceny and in default of bail is forced to adjourn with us during the summer months.

The unprecedented cattle shipments over the Atch on this season, might be laid to the number of Old Mexico cattle passing through, but the figures show otherwise. They are divided as follows: New Mexico and Arizona, 120,870; Old Mexico, 35,000; Texas, 11,000.

William Greenwood, a self constituted apostle of the doctrine of confiscation as a remedy for the evils of corporate wealth, addressed an open air meeting on Exchange corner last evening. What the most of us are looking for is some way of reaching the limit of wealth to be allowed under the orator's scheme, viz: \$100,000.—Yavapai Reporter.

## A HUSBAND WANTED.

### A First Class Opportunity for the Right Man.

"PHILADELPHIA, Pa., June 1, 1887.  
 "To the Mayor:—Your correspondent is a poor little woman, who has decided on this method of bettering her condition, and comes to you for assistance, but not in a monetary sense. I am tired of struggling for a mere existence, and where there is so much competition, life is not worth living. I am tired of drudging for strangers. I want to settle down in a home of my own. Am tired of living alone. I want a congenial companion; one whom I can love, respect and admire; one to whom it will be no effort to call myself a companion, chum and helpmate; one who will appreciate my efforts in making him comfortable, one who will give me a home and not expect me to live in his kitchen. I want some one who is able to pay my laundry bills instead of expecting me to stand over the wash tub. I haven't come to that yet, but mightily near it. I have had recent and severe losses and I want to get away from all my present surroundings. Won't you help me? You can if you will, and in this way:  
 "Give this to some one whom you know; a nice, good looking, educated, intelligent, refined man. One who is neat and immaculate in appearance and who would appreciate refined surroundings.  
 "I am a widow, thirty years old; no children and no family. Am a little woman, a brunette, southerner, of an affectionate, sympathetic and considerate disposition, cheerful, amiable and good company. I have been told by my friends that I possessed exquisite taste in dressing and arranging a home and I know I possess a lot of good common house sense and judgment as well as tact and will pass in a crowd with a little assistance from the rear. I am a good house-keeper and possess all the qualifications in making a home attractive, cosy and homelike. I know this sounds very much like egotism but what is the use in possessing these gifts if you don't tell anyone of them. Now I am neither an adventurer nor a blackmailer but a lady in every sense

of the word, honorable and true and if they should meet with the desired results will send my references which are of the highest and my address, which I do not now think advisable. Now, Mr. Mayor, please help me out of this stagnant rut where I am living a hand to mouth existence and you will have the life long gratitude of one poor little mortal.

Yours truly,  
 Mr. J. W. Venable, of Dawsey a pioneer of Los Angeles County, Cal., says: "Whenever I am troubled with a pain in the stomach or with diarrhoea I use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used it for years, know it to be a reliable remedy and recommend it to every one." For sale by Druggists.

## Best Spring Remedy.

### Paine's Celery Compound.

There is one true specific for diseases arising from impure blood and a debilitated nervous system, and that is Paine's celery compound, so generally prescribed by physicians. It is probably the most remarkable remedy that the scientific research of this country has produced. Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college, first prescribed what is now known the world over as Paine's celery compound, a positive cure for dyspepsia, biliousness, liver complaint, neuralgia, rheumatism, all nervous diseases and kidney troubles. For the latter Paine's celery compound has succeeded again and again where everything else has failed.

# \$10000

for those who find it.

What is the missing word in the following sentence:

Schilling's Best tea is not only pure but it is-----because it is fresh-roasted.

Get a package of Schilling's Best tea at your grocers; take out the Yellow Ticket; send it with your guess to Schilling's Best Tea, San Francisco, by August 31st.

One guess allowed for every yellow ticket. If your guess reaches us before July 1st, you are entitled to two guesses for each ticket.

If only one person finds the word he gets \$1000. If several find it, the \$1000 will be divided equally among them.

Every one sending a yellow ticket will get a set of cardboard creeping babies at the end of the contest. Those sending three or more in one envelope will receive a charming 1898 calendar, no advertisement on it.

In addition to the \$1000 offered we will pay \$100 each to the two persons who send in the largest number of Schilling's Best yellow tickets before June 15th.

Cut this out. You won't see it again for two weeks.
